STATEMENT OF CORPORATE GOVERNANCE

This statement provides an integrated scheme of governance to clarify the way the two corporations sole, Police and Crime Commissioner (PCC) and Chief Constable of Humberside Police, govern both jointly and separately.

CONTEXT

The principal statutory legal framework within which the corporations sole will operate is:

- Police Reform and Social Responsibility Act 2011.
- Policing Protocol Order 2011.
- Financial Management Code of Practice for the Police (Home Office, 2018).
- Strategic Policing Requirement.
- Code of Ethics.
- Victims' Legislation.

Operating within this framework, the PCC and Chief Constable intend to build upon existing good governance principles and experience. In accordance with CIPFA/SOLACE Guidance: Delivering Good Governance in Local Government, the PCC and Chief Constable are required to produce separate Annual Governance Statements (AGS) to show how their respective organisations have complied with the Code of Corporate Governance.

PRINCIPLES

The seven core principles adopted are those highlighted by the Good Governance Standard for Public Life (supported by the Nolan Principles of Public Life):

A: Behaving with integrity, demonstrating strong commitment to ethical values and respecting the rule of law.

B: Ensuring openness and comprehensive stakeholder engagement.

C: Defining outcomes in terms of sustainable economic, social and environmental benefits.

D: Determining the interventions necessary to optimise the achievement of the intended outcomes.

E: Developing the entity's capacity, including the capability of its leadership and the individuals within it.

F: Managing risks and performance through robust internal controls and strong public financial management.

G: Implementing good practices in transparency, reporting and audit to delivery effective accountability.

FRAMEWORK/INSTRUMENTS OF GOVERNANCE

The framework within which the PCC and Chief Constable govern, both jointly and separately, consists of:

- Statement of Corporate Governance: statutory framework and local policy.
- Code of Corporate Governance: how good governance principles will be implemented.
- Scheme of Corporate Governance: parameters within which the corporations sole will conduct their business.
- Separate policies/procedures for each corporation sole, with protocols/other governance documents where they operate jointly.

The framework will be reviewed annually through the OPCC Accountability Board, with findings informing the Annual Governance Statement (AGS) and Annual Reports of both corporation's sole. The Joint Independent Audit Committee (JIAC) advise the PCC and Chief Constable according to Good Governance principles, providing independent assurance on the adequacy and effectiveness of internal controls and risk management.

The Code sets out how the PCC and Chief Constable govern their organisations both jointly and separately in accordance with the Statement, highlighting key enablers for ensuring Good Governance.

GENERAL PRINCIPLES OF GOOD GOVERNANCE

The PCC has adopted a Code of Corporate Governance, consistent with the CIPFA/SOLACE Guidance: Delivering Good Governance in Local Government¹, outlining the systems, processes, culture and values to achieve compliance. It shows the commitment of the PCC and Chief Constable to their statutory requirements and how they discharge their responsibilities. Effective governance relies on public confidence in the PCC and Chief Constable, ensuring the intended outcomes are achieved whilst acting in the public interest at all times.

The PCC has two key responsibilities: (i) secure maintenance of an efficient and effective local police force, and (ii) hold to account the Chief Constable for the exercise of their functions and those persons under their direction and control. In exercising these functions, the PCC is accountable to the public. The Chief Constable has statutory responsibility for control, direction and delivery of operational policing services provided by Humberside Police.

CORPORATE GOVERNANCE ARRANGEMENTS

Governance arrangements for the PCC and force follow the seven principles set out in the revised Delivering Good Governance: Guidance Notes for Policing Bodies in England and Wales (2016). These are:

- A: Behaving with integrity, demonstrating strong commitment to ethical values and respecting the rule of law.*
- B: Ensuring openness and comprehensive stakeholder engagement.*
- C: Defining outcomes in terms of sustainable economic, social and environmental benefits.*
- D: Determining the interventions necessary to optimise the achievement of the intended outcomes.*
- E: Developing the entity's capacity, including the capability of its leadership and the individuals within it.*
- F: Managing risks and performance through robust internal controls and strong public financial management.*
- G: Implementing good practices in transparency, reporting and audit to delivery effective accountability.*

Underneath each principle are behaviours and outcomes demonstrating Good Governance in practice. The Code applies to all personnel, contractors and agents providing a direct service to the PCC and/or Chief Constable.

A: Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

The PCC and Chief Constable are accountable not only for how much they spend, but how they use resources under their stewardship. They have an overarching responsibility to serve the public interest, adhering to legislation and government policies. They must demonstrate the appropriateness of their actions and have mechanisms in place to encourage and enforce adherence to ethical values and to respect the rule of law.

- PCC and Chief Constable abide by Policing Protocol Order 2011, outlining expected relationship between them.

C: Defining outcomes in terms of sustainable economic, social and environmental benefits

The long-term nature and impact of many of the PCC and Chief Constable's responsibilities mean that they should seek to define and plan outcomes and that these should be sustainable.

- Police and Crime Plan, OPCC Delivery Plan, Force Plan on a Page, Force Management Statement (FMS), Medium Term Resource Strategy (MTRS) and Force Corporate Planning/Performance Framework are in place.
- Annual Reports communicate Force and PCC/OPCC achievements. Key strategies/plans regularly reviewed.

- Capital investment plan reviews are undertaken.
- Projects are subject to sound business cases.

D: Determining the interventions necessary to optimise the achievement of the intended outcomes

The PCC and Force achieve intended outcomes through a mixture of legal, regulatory and practical interventions. Determining the right mix is important and they need robust decision-making mechanisms to ensure achievement in a way that provides the best trade-off between resource inputs while enabling effective and efficient operations. Decisions must be reviewed continually to ensure achievement of outcomes is optimised. Policy implementation usually involves choice about approach, objectives, priorities and incidence of costs and benefits. The PCC and Chief Constable must ensure access to appropriate skills and techniques.

- PCC and Chief Constable maintain a Medium-Term Resourcing Strategy (MTRS).

E: Developing the entity's capacity, including the capability of its leadership and the individuals within it

The PCC and Force need appropriate structures, leadership and people with the right skills, qualifications and mind-set, to operate efficiently and effectively. They must ensure they have the capability to fulfil their mandate and policies in place to guarantee management has the operational capacity for the organisations. They must continually develop capacity and respond to change over time. Leadership is strengthened by the participation of people from different backgrounds, reflecting the structure and diversity of the community.

- Force HR Plan prioritises leadership, workforce and professional development.

- PCC and Chief Constable ensure equality and diversity policies readily set out how each promotes diversity by recognising, valuing and respecting different contributions and needs of communities and staff.

F: Managing risks and performance through robust internal control and strong public financial management

Public bodies must ensure organisation and governance structures they oversee have implemented, and can sustain, effective performance management systems to facilitate effective and efficient delivery. Risk management, business continuity and internal control are integral parts of a performance management system. Strong financial management systems are essential for implementation of policies and achievement of intended outcomes, enforcing financial disciplines, strategic resource allocation, efficient service delivery and accountability. Public bodies spend money raised from taxpayers and they are entitled to expect high standards of control and oversight of performance.

- Overarching Scheme of Corporate Governance highlights parameters for decision-making, including arrangements for governance, delegations, consent, specific financial limits and standing orders for contracts.
- Joint Independent Audit Committee (JIAC) uses CIPFA guidance and Financial Management Code of Practice.

External/internal audit contribute to effective accountability. Both organisations will be as open as possible about all their decisions, actions, plans, resource use, forecasts, outputs, and outcomes.

SCHEME OF CORPORATE GOVERNANCE

This scheme sets out delegations from the PCC and Chief Constable to staff, incorporating instruments such as financial regulations/standing orders relating to contracts. It clarifies the powers which, for good business practice, are given to statutory officers. The PCC and Chief Constable may limit powers and/or remove delegation.

It provides a framework to ensure business is carried out lawfully and efficiently, that decisions are not unnecessarily delayed and are taken at an appropriate level. It forms part of the overall corporate governance framework of both corporations sole. Powers are given to the PCC and Chief Constable by laws, orders, rules or regulations. National conditions of employment also give powers to the PCC and Chief Constable or (in the case of police regulations) the Secretary of State for the Home Department. Any powers or duties placed on other statutory officers should be exercised lawfully in accordance with respective delegations of the PCC and Chief Constable, standing orders and financial regulations, relevant policies, procedures, plans, strategies and budgets. It does not identify all the statutory duties which are contained in specific laws and regulations.

GENERAL PRINCIPLES OF DELEGATION

Persons appointed as Chief Executive (also Monitoring Officer) and Chief Finance Officer (under Schedule 1, paragraph 6(1) (b) of the PRSR Act 2011) for the PCC have statutory powers and duties relating to their positions and do not rely on certain matters being delegated to them to carry out those specific powers and duties. This scheme provides persons with legal authority to carry out appropriate duties of the PCC and/or Chief Constable. They must comply with all other statutory and regulatory requirements and relevant professional guidance including:

- Police and Social Responsibility Act 2011 and relevant legislation issued under this Act.
- Financial and Contract Regulations.
- Home Office Financial Management Code of Practice.
- CIPFA Statement on the role of Chief Financial Officer of the PCC and Head of Finance and Business Services of the Chief Constable.
- PCC and Chief Constable's governance frameworks.
- PCC and Humberside Police policies and procedures.
- Data Protection Act 2018/General Data Protection Regulation (GDPR) and Freedom of Information Act 2000.
- Health and Safety at Work legislation and codes.

This Scheme is a record of formal delegations in effect at the time of publication. The PCC and Chief Constable's governance framework, including this Scheme, will be reviewed at least annually. With the exception of those matters listed above, any person to whom a power is delegated under this scheme may sub-delegate that power as they deem appropriate. Formal responsibility and accountability for effective discharge of sub-delegated powers legally remains with the person to whom the power was delegated by the PCC or Chief Constable.

The PCC and/or Chief Constable may ask for specific matters to be referred to them for decision and not be dealt with under powers of delegation.

The scheme does not attempt to list all matters which form part of everyday management responsibilities. Such matters will generally be set out in Service Level Agreements currently being developed by the OPCC and Force, for provision of support services from the Chief Constable to the PCC. Giving delegation to persons under this scheme does not prevent referral of any matter to the PCC and/or Chief Constable for decision if felt appropriate (e.g. sensitive community/stakeholder issues or matters having significant operational or financial implications).

The PCC and Chief Constable may set out their reporting arrangements on actions undertaken by their own staff in respect of the use of powers delegated to them.

ROLE AND PRIMARY RESPONSIBILITIES OF THE PCC

- Holding the Chief Constable to account for performance of the Force.
- Appointing the Chief Constable (and dismissing them when necessary).

The PCC is responsible for handling complaints and conduct matters about the Chief Constable, monitoring their handling and investigation of complaints against police officers, staff and the wider service, and complying with Independent Office for Police Conduct (IOPC) requirements. From 01/02/20, the Policing and Crime Act 2017 made the PCC responsible for reviews of recorded complaints handled under Schedule 3 of the Police Reform Act 2002. Delegation of the appropriate authority for Chief Constable complaints and complaints reviews is delegated to the Statutory Operations Senior Management.

ROLE OF THE PCC'S CHIEF EXECUTIVE

The PCC must appoint a person (referred to as the 'Chief Executive') to act as the Head of the body's paid service under Section 4 of the Local Government and Housing Act 1989. The Chief Executive is Head of the PCC's staff, and also Monitoring Officer for the PCC. Formal delegations from the PCC to the Chief Executive are listed in Appendix 1.

ROLE OF THE PCC'S CHIEF FINANCE OFFICER (PCCCFO)

The PCC must appoint a person to be responsible for proper administration of their financial affairs, in accordance with the Financial Management Code of Practice. As Chief Finance Officer to the PCC (PCCCFO), they have statutory responsibility to manage the PCC's financial affairs in accordance with sections 112 and 114 of the Local Government Finance Act 1988, and Accounts and Audit Regulations 2003 (as amended). Detailed financial management responsibilities of the PCCCFO, including delegated powers, are set out in Financial Regulations. Formal delegations from the PCC to the PCCCFO are listed elsewhere in this document.

ROLE OF THE CHIEF CONSTABLE

The Chief Constable is responsible for maintaining the Queen's peace and direction and control of the Force. The Chief Constable is accountable to the law for exercise of police powers, and to the PCC for delivery of efficient and effective policing, management of resources and expenditure by the Force.

Delegations from the Chief Constable to key Force Personnel are contained elsewhere in this document and the Chief Constable shall appoint suitably qualified and experienced Chief Officers and Heads of Department.

ROLE OF HEAD OF FINANCE AND BUSINESS SERVICES (CCCFO)

The Chief Constable must appoint a person to be responsible for proper administration of the Force's financial affairs, in accordance with the Financial Management Code of Practice, as issued by the Home Office.

Detailed financial management responsibilities of the CCCFO, which includes delegated powers, are set out in Financial Regulations elsewhere.

This section sets out Financial Regulations that apply to the PCC, OPCC staff, the Chief Constable and police officers and staff, having due regard to the overall regulatory framework of their approach to financial management. Public sector accounting is covered by government legislation and accounting standards designed to ensure proper accountability for public funds. The Home Office also issue a Financial Management Code of Practice under section 17 of the Police Reform and Social Responsibility Act 2011 and section 39 of the Police Act 1996, which permit the Secretary of State to issue codes of practice to all PCCs and Chief Constables.

To conduct business effectively, sound financial management policies are essential, and must be strictly adhered to. Part of this process is to adopt and implement Financial Regulations. These have been drawn up in such a way as to ensure the financial affairs of the PCC and Chief Constable are conducted properly and comply with all necessary requirements. They seek to reinforce the standards of conduct in public life required by the PCC, Chief Constable, police officers, police staff and staff in the OPCC and in particular the need for openness, accountability and integrity. They apply to all officers and staff of the PCC and Force, and anyone acting on their behalf.

The Regulations are designed to establish financial responsibilities, to confer duties, rights and powers upon the PCC, Chief Constable and their officers and staff, and provide clarity about the financial accountabilities of groups or individuals and anyone acting on their behalf. The PCC and the Chief Constable are established in law as corporations sole in the Police Reform and Social Responsibility Act 2011. Both are enabled by law to employ staff and hold funds in their official capacity. Chief Constables are charged with impartial direction and control of all constables and staff within their force. Staff of the PCC are accountable to the directly elected holder of that office.

The public accountability for delivery and performance of the police service rests with the PCC on behalf of the electorate. They have an electoral mandate to set the strategic direction of the Force in consultation with the Chief Constable. The Chief Constable is accountable to the PCC and the Police and Crime Panel provides the check and balance by holding the PCC to account. The PCC may also appoint a Deputy PCC who may exercise the functions of the PCC set out in the Scheme of Governance.

The PCC is the recipient of all funding, including government grants, precept and other sources of income related to policing and crime reduction. All funding for the Force must come via the PCC. The PCC is responsible for allocating this funding in consultation with the Chief Constable, or in accordance with any grant terms. The Chief Constable will provide professional advice and recommendations. The PCC is required to appoint a Chief Executive and Monitoring Officer and they and the Chief Constable are both required to appoint a Chief Finance Officer (CFO).

Both organisations should be committed to innovation, within the regulatory framework, provided the necessary funding, risk assessment and approval safeguards are in place.

STATUS

These Financial Regulations should not be seen in isolation, but rather as part of the overall regulatory and Corporate Governance Framework including the Policing Protocol, Codes of Conduct, Scheme of Governance, within which levels of delegation and Standing Orders Relating to Contracts sit.

The PCC, Chief Constable and all officers/staff have a general duty to take reasonable action to provide for the security of assets under their control and ensuring the use of these resources is legal, properly authorised, provides value for money and achieves best value.

Financial Regulations explain the working financial relationship between the PCC and Chief Constable and their Chief Finance Officers, and the role played by the PCC's Chief Executive and Monitoring Officer.

The Home Office's Revised Financial Management Code of Practice (July 2018) summarises the relationship between the PCC and Chief Constable and their respective Chief Finance Officers below:

"The Policing Protocol 2011... sets out the high level financial responsibilities of the PCC and the Chief Constable, making clear that the former is ultimately accountable to the public for the management of the Police Fund while the latter has day to day responsibility for managing their allocated budgets after these have been approved by the PCC.

An effective, cooperative and constructive working relationship between the two Chief Finance Officers is fundamental and is more likely to be achieved where communication and clarity of understanding are at their highest. Mutual understanding of and respect for each party's statutory functions will serve to enhance policing for local communities. It is expected that the principles of goodwill, professionalism, openness and trust will underpin the relationship and that all parties will do their utmost to make the relationship work. It is also acknowledged that good relationships between the Chief Finance Officers and the Chief Executive are fundamentally important and need to be underpinned by the same principles"

Both Chief Finance Officers will follow the Home Office's Code of Practice and abide by these principles at all times.

The overriding aim is to ensure effective working relationship, and strategic and financial planning, working to timetables approved by the PCC to enable accurate and timely review and reporting of all financial matters and to demonstrate value for money for the public.

The PCC and Chief Constable are jointly responsible for approving or amending Financial Regulations. The PCCCFO and the CCCFO are jointly responsible for maintaining and reviewing Financial Regulations and submitting any additions or amendments to the PCC and Chief Constable, after consulting with the CCCFO and the Chief Executive. Copies will be available on the PCC's and Force websites and on the Force Intranet.

A delegation in these Financial Regulations to a Chief Officer who is not a constable shall permit further delegation to other officers provided that the terms of the delegation are clearly documented.

The Act and Protocol establish the principles within which the two CFOs will operate. The PCCCFOs principal aim is to translate the PCCs plans and priorities into a viable Medium Term Financial Strategy, ensure funding is available from grants, precepts and reserves, and establish an appropriate framework for financial accountability. The CCCFOs principal aim is to manage implementation and monitoring of the budget allocated to the Force and maintain oversight of their efficiency.

CIPFA's Statement on the Role of the Chief Financial Officers in Policing states the PCCCFO should support the CCCFO, working to ensure the PCC's plans and priorities are translated into a funded Medium Term Financial Strategy which provides the Force with a basis to manage its budgets. The CCCFO will work with the PCCCFO to design appropriate information and monitoring arrangements, to provide the PCC with necessary information to monitor overall spending levels and performance.

More detailed Financial Instructions to supplement these Regulations, may be issued by the Chief Constable after consultation with the CCCFO.

Chief Officers are responsible for ensuring that all employees, contractors and agents are aware of the existence and content of these Financial Regulations and that they are complied with. Breaches of Financial Regulations of a serious nature may result in disciplinary proceedings and, potentially, criminal action. Such cases must be reported to the PCCCFO and CCCFO, who shall determine, after consulting with the Monitoring Officer, whether the matter shall be reported to the PCC and/or Chief Constable. Further guidance is set out in Section H later on. The PCC and all officers/staff have a duty to abide by the highest standards of probity in dealing with financial issues.

The Financial Regulations shall only be suspended by a formal decision of the PCC.

FINANCIAL REGULATIONS

The Financial Regulations are divided into a number of sections. References are made in individual sections to delegated limits of authority, with the actual values set out in Section G.

Maintaining proper accounting records is one way the PCC and Chief Constable discharge their responsibility for stewardship of public resources. The PCC and Chief Constable have a statutory responsibility to prepare the annual accounts to present a true and fair view of their operations during the year. These are subject to external audit. This audit provides assurance that separate sets of accounts have been prepared properly, proper accounting practices have been followed and adequate arrangements made for securing economy, efficiency and effectiveness in the use of resources.

Joint Responsibilities of the PCCCFO and CCCFO

- Determine accounting policies and procedures to be adopted, in accordance with recognised accounting practices, and approve strategic accounting systems and procedures employed by the Chief Constable. All employees shall operate within required accounting policies and published timetables.

Responsibilities of the CCCFO

- Obtain approval of the PCCCFO before making any fundamental changes to accounting records and procedures or accounting systems.

A3 ANNUAL STATEMENT OF ACCOUNTS

The PCC and the Chief Constable have a statutory responsibility to prepare their own accounts to present a true and fair view of their operations during the year. They must be prepared in accordance with proper practices as per the Code of Practice on Local Authority Accounting in the United Kingdom. The accounts will comprise separate statements for the PCC, Chief Constable and Group accounts covering both entities. The PCC and the Chief Constable are responsible for approving their own annual accounts. The accounts are subject to detailed independent review by the external auditor. This provides assurance that the accounts are prepared correctly, proper accounting practices have been followed and adequate arrangements have been made for securing economy, efficiency and effectiveness in the use of resources.

Joint Responsibilities of the PCCCFO and the CCCFO

- Draw up the timetable for final accounts preparation, in consultation with the CCCFO and external auditor.
- Select suitable accounting policies and apply them consistently.
- Make judgements and estimates that are reasonable and prudent.
- Comply with the Code of Practice on Local Authority Accounting.

- Publish the approved and audited accounts each year, in accordance with the statutory timetable.

Joint Responsibilities of the PCC and the Chief Constable

Consider and approve their annual accounts in accordance with the statutory timetable.

SECTION B: FINANCIAL PLANNING AND CONTROL

B1 FINANCIAL PLANNING

The Police Reform and Social Responsibility Act 2011 gives the PCC responsibility for the totality of Policing in their Force area and requires them to hold the Chief Constable to account for operational delivery of policing. The PCC sets the strategy and provides the financial resources against and within which spending by the PCC and Chief

Constable are managed. The PCC and Chief Constable need systems that enable resources to be allocated in accordance with priorities. Financial planning is essential for the Force and OPCC to function effectively. There must be clear links to the overarching governance framework.

Financial planning process should be directed by the approved policy framework, business planning process and the need to meet key objectives. Planning processes should be continuous, and the planning period should be five years. The process should include a more detailed annual plan and budget covering the forthcoming financial year. This allows the PCC and Force to plan, monitor and manage the way funds are allocated and spent during the financial year and over the medium term. The annual budget format determines the level of detail to which financial control and management will be exercised and shape how virement rules operate. The annual budget will be supported by detailed objective analysis of spend at Command/Branch level together with associated workforce plans. It is recognised that the impact of financial planning in the police service will be constrained by the quality and timing of information made available by Government on resource allocation.

Medium Term Resource Strategy (MTRS)

The PCC and Chief Constable share responsibility to provide effective financial/budget planning for the short/medium/long term, through preparation of a MTRS including financial projections for five years together with a capital programme covering the same period. This explains how the PCC and Chief Constable will structure and manage their finances to support delivery of the outcomes set out in the Police and Crime Plan and ensure there is sound financial management and good stewardship of public money.

Responsibilities of the PCC

To identify and agree, in consultation with the Chief Constable and other relevant partners and stakeholders, a MTRS which includes funding and spending plans for both revenue and capital. The strategy should take into account multiple years, the inter-dependencies of revenue budgets and capital investment, the role of reserves and consideration of risks. It should have regard to affordability and also to CIPFA's Prudential Code for Capital Finance in Local authorities. The strategy must be aligned with the Police and Crime Plan.

Joint Responsibilities of the PCCFO and CCCFO

- Determine the format and timing of the MTRS to be presented to the PCC and Chief Constable. The format should comply with all legal requirements and latest CIPFA guidance.
- Prepare a medium-term forecast of proposed income and expenditure for submission initially to the Chief Constable and Chief Officer Team and then the PCC.
- When preparing the forecast, the Chief Constable shall have regard to:
 - Police and Crime Plan.
 - Policy requirements approved by the PCC as part of the policy framework.
 - Detailed workforce plans.
 - Strategic Policing Requirement.
 - Unavoidable future commitments, including legislative requirements.
 - Initiatives already underway.
 - Revenue implications of the capital programme.
 - Proposed service developments and plans which reflect public consultation.
 - Need to deliver efficiency and/or productivity savings.
 - Government grant allocations.
 - Potential implications for local taxpayers.
 - CCCFO to provide details of known risks for consideration by the PCCFO.
- Ensure medium-term resources forecast includes options for use of general balances, reserves, provisions, and assumptions about future government funding levels and demonstrates potential local taxation implications.
- Requirements should be prioritised by the Chief Constable to enable the PCC to make informed judgements as to future funding levels and planning the use of resources.

Annual Revenue Budget Preparation

- Revenue budget provides estimates of annual income/expenditure requirements for the police and crime/community safety and sets out financial implications of the PCC's strategic policies. It provides authority to Chief Officers to incur expenditure and a basis to monitor financial performance of the PCC and Force.
- PCC should consult the public, Chief Constable and other relevant partners and stakeholders in planning the overall annual budget, including a separate force budget. This will take into consideration funding from Government and other sources, balancing the expenditure needs of the policing service, community safety and the PCC against the level of local taxation. This should meet statutory requirements to achieve a balanced budget (Local Government Act 2003) and be completed in accordance with the statutory timeframe.
- Impact of the annual budget on priorities and funding of future years as set out in the Police and Crime Plan and Medium Term Resource Strategy should be clearly identified.

Responsibilities of the PCC

- Agree planning timetable with the Chief Constable.
- Obtain views of the local community on proposed spending plans for the financial year to which the proposed expenditure relates.
- Present proposed budget and precept recommendations to the Police and Crime Panel for consideration in accordance with legislative requirements and agreed timetable.
- Approve budget for the Force and other services and set precept after taking into account views expressed by the Police and Crime Panel in accordance with legislative requirements and agreed timetable.

Responsibilities of the PCCFO

- Determine the format of the revenue budget to be presented to the PCC in consultation with the Chief Constable, to comply with all legal requirements and latest CIPFA guidance.
- Obtain timely and accurate information from billing authorities on the council tax base and latest surplus/deficit position on collection funds to inform budget deliberations.
- Advise the PCC on appropriations from/to and or appropriate level of general balances, earmarked reserves or provisions to be held.
- Submit a report to the PCC on robustness of estimates and adequacy of reserves.
- Submit a report on the suite of prudential indicators for the next three years, arising from the Prudential Code for Capital Finance in Local Authorities. These indicators shall be consistent with the annual revenue budget and capital programme approved by the PCC.
- Upon approval of the annual budget, to submit the council tax requirement return to Central Government and precept requests to appropriate bodies in accordance with the legal requirement.
- Produce and issue information required by the billing authorities to explain how the precept will be used to pay for the cost of policing, in accordance with statutory requirements.

Responsibilities of the CCCFO

- Prepare detailed budget estimates and medium-term resource plans for the forthcoming financial year and the next four years in accordance with the timetable agreed with the PCCFO which will include resources sufficient to finance the foreseeable operational needs without having to request additional approvals.
- Submit draft budget proposals to the Chief Constable and Chief Officer Team for approval by the Chief Constable.
- Submit estimates in the agreed format to the PCC for approval.
- Identify all proposed individual major revenue projects (a major revenue project shall be defined as one in excess of the value shown in Section G).

B2 BUDGETARY CONTROL

Budget management ensures once the PCC has approved the budget, resources allocated are used for their intended purpose and properly accounted for. Budgetary control is a continuous process, enabling the Chief Constable and

PCC to review and adjust their budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget. There are key controls in place for managing and controlling the revenue budget.

Management of budgets must not be seen in isolation and should be measured in conjunction with service outputs and performance measures. PCCCFO and CCCFO shall jointly ensure there is an appropriate framework for budget management and control within their respective organisations.

Revenue Budget Monitoring

By continuously identifying and explaining variances against budgetary targets, the PCC and Chief Constable can identify changes in trends and resource requirements at the earliest opportunity. The PCC and Chief Constable both operate within an annual expenditure limit, approved when setting the annual budget. To ensure the budget is not overspent in total, the Chief Constable and CCCFO, Chief Executive and PCCCFO are required to manage expenditure within their budget allocations, subject to the rules of virement and as reported through to the Accountability Board.

Responsibilities of the CCCFO

- Provide appropriate financial information to enable budgets to be monitored effectively.
- Ensure each income/expenditure element has a nominated budget manager to take responsibility for that part of the budget. Budget responsibility should be aligned as closely as possible to the decision-making process that commits expenditure.
- Ensure total spending for operational policing remains within overall allocation of resources and takes corrective action where significant variations from the approved budget are forecast. Where total projected expenditure exceeds the total allocation of resources, the PCCCFO and PCC shall be alerted immediately and proposals for remedy should be put forward as part of regular reporting to the PCC.
- Submit a monthly budget monitoring report to the Chief Constable's Chief Officer Team and the PCC on a regular basis throughout the year, containing recently available financial information. The reports shall be in a format agreed with the PCC and PCCCFO.
- Refer major revenue projects back to the PCC for further approval where, when negotiating contract details, amendments to the nature of the scheme are sought or costs exceed the limits set out in Section G.

Responsibility of the CCCFO

- Submit a monthly budget monitoring report, containing the most recently available financial information to the PCC and Chief Officer Group showing spending to date and comparisons of projected outturn with the latest approved budget at times to be agreed.

Responsibility of the PCCCFO

- Submit monthly budget monitoring reports to the Chief Executive throughout the year containing the most recently available financial information for the OPCC.

Joint Responsibilities of the Chief Executive and PCCCFO

- Manage the budget allocated for the PCC's Office.
- Ensure total spending for the OPCC remains within the overall allocation of resources and take corrective action where significant variations from the approved budget are forecast. Where total projected expenditure exceeds total allocation of resources due to circumstances beyond the control of the Chief Executive, the PCC shall be alerted immediately along with proposals to remedy the situation as part of regular reporting to the PCC.

Revenue Virement

A virement is a planned reallocation of resources between approved budgets or heads of expenditure. A budget head is a line in the approved budget report. The PCC's consents in respect of the scheme of virement is intended to

enable Chief Officers to manage budgets with a degree of flexibility within the overall policy framework determined by the PCC and provide the opportunity to optimise the use of resources to emerging needs.

Chief Constable and the CCCFO are expected to exercise discretion in managing budgets responsibly and prudently and should only be required to refer back to the PCC when virement would incur substantive changes in the policy of the PCC or where a virement might create a future year or continuing commitment.

Chief Constable shall still be held to account by the PCC for decisions made and the way in which resources are deployed. The virement rules allow greater freedom but require detailed reports on significant changes.

Key controls for the scheme of virement are:

- Administered by Chief Officers in accordance with limits set out in Financial Regulations. Any variation from this scheme requires the approval of the PCC.
- Overall budget is agreed by the PCC. Chief Officers and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the budget.
- Virement does not create additional overall budget liability.
- Each Chief Officer with delegated powers shall ensure that virement is undertaken as necessary to maintain the accuracy of budget monitoring.

Responsibilities

- The PCC shall approve a scheme of virement and note and approve reports on virement submitted by the Chief Constable and their officers and staff.
- The PCC has consented to allow virements between budget headings provided that they operate within the limits defined in Section G.

Exceptions to the above framework are:

- Virement is not permitted in relation to financing items such as asset charges or where a proposal would adversely affect long term revenue commitments of the Force and the PCC.
- When the virement is between an income budget and expenditure budget line which is directly related, approval is sought from the PCCCFO and/or CCCFO and the income and expenditure budgets will be increased for budget monitoring purposes.

Budget lines will be cash limited and defined each year as part of the budget approval. All requests for virement must be made in the format prescribed by the PCCCFO and/or CCCFO and information on the virements within the limits set out in Section G will be available to support budget monitoring report information. Approval of the PCC shall be required if the virement involves:

- Substantial change in policy.
- Significant addition to commitments in future years.

Treatment of Year End Balances

Carry forward of underspent budgets is permitted only within delegation limits set out in the carry forward scheme.

Carry forwards are to be subject of a report to the PCC as part of the year end outturn report. Budget Managers will be required to satisfy the Chief Constable and CCCFO that expenditure proposed against carry forward underspending is in accordance Police and Crime Plan priorities and non-recurrent in nature.

Responsibilities of the CCCFO

- Ensure Budget Managers report any overspend on their budgets in any financial year.
- Consider reducing budgets for the following financial year where overspending has/is expected to occur.

- Consider requests from Budget managers who identify planned underspends in any financial year for budget provision to be carried forward to the following financial year, subject to limits indicated in Section G.
- Refer all carry forwards that fall outside of parameters stipulated in these Regulations to the PCC and Chief Officer Group for approval.

Responsibilities of the PCC

- Consider whether arrangements for carrying forward underspends are appropriate/affordable when considering levels of reserves and balances as part of development of a sustainable Medium Term Resource Strategy.

B3 CAPITAL PROGRAMME

Capital expenditure involves acquiring or enhancing fixed assets with a long-term value, such as land, buildings, and major items of plant, equipment or vehicles. Capital assets shape the way services are delivered in the long term and may create financial commitments in the form of financing costs and revenue running costs.

Capital investment can be undertaken providing the spending plans are affordable, prudent and sustainable. CIPFA's Prudential Code sets out the framework under which the Force and PCC will consider their spending plans.

The capital programme is linked to the Estates Strategy, IS, Fleet and other key strategies involving proposals for significant investment in capital assets that must be included within the approved MTRS.

General

Responsibilities of the Chief Constable

- Develop an Estate Strategy, IT, Fleet and other key strategies and implement management plans.

Responsibilities of the PCC

- Consulted on the Estate, IT and Fleet Strategies and asset management plans together with other key strategies involving proposals for significant investment in capital assets.
- Approve a fully funded medium-term capital programme.

Responsibilities of the CCCFO

- Prepare five-year rolling programme of proposed capital expenditure in accordance with agreed finance strategy for initial consideration by the Chief Constable's Chief Officer Group and presentation to/approval by the PCC. Each scheme shall identify the total capital cost of the project and any additional revenue commitments.
- Prepare project appraisals for all schemes to be included in the capital programme for submission to the PCCCFO and PCC for consideration and scheme approval. This will include all additional revenue and capital costs.
- Ensure each capital project has a named officer responsible for sponsoring the scheme, monitoring progress and ensuring completion of the scheme.
- Identify, in consultation with the PCCCFO, available sources of funding the capital programme, including identification of potential capital receipts from disposal of property or other assets.
- Prioritise requirements so that if a gap is identified between available resources and required capital investment the Chief Constable can advise the PCC so that they can make informed judgements as to which schemes should be included in the capital programme, minimum levels of funding required for each scheme and potential phasing of capital expenditure.
- Not to incur capital expenditure unless the scheme is part of the Capital Programme approved by the PCC apart from professional fees.

Responsibilities of the PCCCFO

Make recommendations to the PCC on the most appropriate level of revenue support and appropriate levels of borrowing, under the Prudential Code, to support the capital programme.

Annual Capital Programme

Responsibilities of the PCC

- Agree the annual capital programme, and how it is to be financed.

Joint Responsibilities of the Chief Constable and CCCFO

- Ensure that incurred expenditure, providing the project appraisal has been approved in the capital programme and provided cost variations, does not exceed the sum contained in the approved programme.
- Ensure property leases, finance leases or other credit arrangements with the value or term above the limits set out in Section G are not entered into without prior approval of the PCCCFO.

Monitoring of Capital Expenditure

Responsibilities of the Chief Constable

- Ensure adequate records are maintained for all capital contracts.

Responsibilities of the CCCFO

- Monitor progress of capital programme and expenditure throughout the year against the approved programme.
- Submit capital monitoring reports to both the Chief Constable's Chief Office Team and PCC on a monthly basis throughout the year. These reports are to be based on most recently available financial information. Monitoring reports will show spending to date and compare projected income and expenditure with the approved budget. Reports shall be in a format agreed by the PCCCFO.
- Prepare a business case for all new capital schemes (after the annual programme has been agreed) for submission to the PCC for consultation and approval.
- Demonstrate how any amendments to the programme increasing overall costs are to be funded.

Joint Responsibilities of the PCCCFO and the CCCFO

- Report on outturn of capital expenditure as part of the annual report on the statutory accounts.

B4 MAINTENANCE OF BALANCES AND RESERVES

The PCC must decide the level of general reserves they wish to retain before they can decide the level of council tax precept. Reserves are maintained as a matter of prudence. They enable the organisation to provide for cash flow fluctuations and unexpected costly events and thereby help protect it from overspending the annual budget, should such events occur. Reserves for specific purposes may also be maintained where it is likely that a spending requirement will occur in the future.

Responsibilities of the PCC

- Approve a policy on reserves and balances, including minimum acceptable level of general balances, set out within a reserves strategy prepared and updated annually by the PCCCFO and published on the OPCC website.
- Approve creation of each earmarked reserve. Purpose, usage and basis of transactions should be clearly identified for each reserve established and detailed in the reserves strategy.
- Approve allocation of monies to/from general and earmarked reserves, as part of annual budget setting process.

Responsibilities of the PCCCFO

- Advise the PCC on reasonable levels of balances and reserves.
- Prepare a reserves strategy for approval by the PCC and review it on an annual basis.
- Report to the PCC on adequacy of reserves and balances before they approve the annual budget/precept.
- Approve appropriations to and from each earmarked reserve. These will be separately identified in the Annual Statement of Accounts.

Responsibilities of the CCCFO

- Ensure annual revenue budget is sufficient to finance all foreseeable needs.
- Present a business case to the PCCCFO and PCC for one-off expenditure items to be funded from earmarked and/or general reserves.

SECTION C: MANAGEMENT OF RISK AND RESOURCES

C1 RISK MANAGEMENT AND BUSINESS CONTINUITY

It is essential that robust, integrated systems are developed and maintained for identifying and evaluating all potential significant corporate and operational risks. This should include proactive participation of all those associated with planning and delivering services. All organisations, whether private or public sector, face risks to people, property and continued operations. Risk is the chance or possibility of loss, damage, injury or failure to achieve objectives caused by an unwanted or uncertain action or event – it cannot be eliminated altogether. However, risk management is the planned and systematic approach to identification, evaluation and control of risk. Its objectives are to secure the assets of the PCC and Force, and ensure continued corporate and financial wellbeing of the PCC and Chief Constable. It is an integral part of good business practice and a core element of the PCC's Corporate Governance Framework.

Joint Responsibilities of the PCC and Chief Constable

Code of Corporate Governance highlights the importance of risk management being embedded throughout the Governance arrangements in both organisations, whether operating jointly or separately. The PCC and Chief Constable are jointly responsible for approving the risk management policy statement and strategy, and reviewing the effectiveness of risk management, defining risk appetite/tolerance and providing information and assurances to the Joint Independent Audit Committee.

Responsibilities of Chief Officers/Chief Executive

The PCC and Chief Constable have statutory obligations, and, therefore, systems of internal control are required to identify, meet and monitor compliance with these obligations.

The PCC and Chief Constable face a wide range of financial, administrative and commercial risks, both from internal and external factors, which threaten achievement of their objectives. Systems of internal control are necessary to manage these risks. These systems of internal control are established in order to provide achievement of:

Gifts, loans and sponsorship are particularly suitable for multi-agency work such as crime prevention, community relations work, and victim support schemes. Gifts, loans and sponsorship can be accepted from any source which has genuine and well-intentioned reasons for wishing to support specific projects. - Establish separate schemes of delegation from the PCC and Chief Constable to their own staff, identifying staff authorised to act on their behalf in respect of income collection, placing orders, making payments and employing staff.

D2 INCOME

Income is vital and effective systems are necessary to ensure that all income due is identified, collected, receipted and banked promptly. The PCC and Chief Constable will agree charging policies when applying charges under section 25 of the Police Act 1996.

The PCC and Chief Constable should ensure there are arrangements in place so that expected charges are clearly identified in their budgets and costs are accurately attributed and charged. When considering budget levels, the PCC and Chief Constable should ensure that ongoing resource requirements are not dependant on a significant number of uncertain or volatile income sources and should have due regard to sustainable and future year service delivery.

When specifying resource requirements, the Chief Constable will identify the expected income from charging. The Chief Constable should adopt NPCC charging policies in respect of mutual aid unless the Chief Constable and PCC agree a different scheme of charges.

Joint Responsibilities of the Chief Constable and PCC

- Adopt NPCC national charging policies and national guidance when applying charges under Section 25 of the Police Act 1996 unless the Chief Constable and PCC agree a different scheme of charges and to keep scales of fees and charges under review with such reviews being carried out at least annually.

- Plan for collection of all income due and approve the procedures, systems and documentation for its collection, including the correct charging of VAT.

All charges should be at full cost recovery and consistent with NPCC guidelines, except where regulations require otherwise or with express approval of the PCC.
- Ensure all income is paid fully and promptly into the appropriate bank account. Appropriate details should be recorded on paying-in slips to provide an audit trail and money collected/deposited reconciled monthly.
- Ensure income is not used to cash personal cheques or make other payments.
- Order and supply to appropriate employees all receipt forms, books or tickets and similar items and be satisfied as to the arrangements for their control. Official receipts or other suitable documentation shall be issued for all income received.
- Operate effective debt collection procedures.

- Initiate, in consultation with the Chief Executive, appropriate debt recovery procedures, including legal action where necessary.
- Approve write-off of cash discrepancies and bad debts in accordance with limits set out in Section G. Authorising officers shall maintain a permanent record of amounts written off, which should be available for inspection by the PCC if required. Any write off greater than this must be referred to the PCC for approval.

D3 INCURRING EXPENDITURE, ORDERING AND PAYING FOR WORK, GOODS AND SERVICES

Public money should be spent in accordance with the PCC's policies. The PCC and Chief Constable have a statutory duty to ensure financial probity and best value. Procedures should assist in ensuring value for money is obtained by purchasing arrangements within the OPCC and Force, which should be in accordance with the procurement strategy and Contract Standing Orders. All expenditure should be incurred in accordance with the limits set out in Section G.

Joint Responsibilities of the PCCCFO and CCCFO

- Maintain a procurement policy covering the principles to be followed for purchase of goods and services and that all payments are made in accordance with this policy.

Responsibilities of the PCC Chief Executive, Senior Staff from the OPCC and Chief Officers

- Ensure every employee declares any links or personal interests they may have with purchasers, suppliers and contractors if they are engaged in contractual or purchasing decisions on behalf of the PCC or Chief Constable and that such persons take no part in the selection of a supplier or contract with which they are connected.

D4 PAYMENTS TO EMPLOYEES

Employee costs are the largest item of expenditure for the Force. It is important there are controls in place to ensure accurate, timely and valid payments made in accordance with individuals' conditions of employment.

Responsibilities of the CCCFO

Payments to individuals employed on a self-employed consultant or subcontract basis shall only be made in accordance with HM Revenue and Customs (HMRC) requirements. HMRC applies a tight definition of employee status, and in cases of doubt, advice should be sought from them.
- Ensure full records are maintained of payments in kind and properly accounted for in any returns to HMRC.
- Prepare detailed Financial Instructions for dealing with payments to employees, to be agreed with the PCCCFO, and issue to all appropriate employees.

- Ensure appropriate technical staff have access to up-to-date guidance notes and professional advice.

D6 CORPORATE CREDIT CARDS

Credit cards provide an effective method for payment for designated officers who, in the course of their official business, have an immediate requirement for expenditure which is relevant to the discharge of their duties.

Joint Responsibilities of the PCCCFO and CCCFO

- Provide full operating instructions to all cardholders.
- Authorise and maintain control over the issue and cancellation of cards.

Responsibilities of credit card holders

Joint Responsibilities of the Chief Constable and CCCFO

- Make ex gratia payments by way of reimbursement or contribution towards the costs of remedying criminal damage to property owned or occupied by a police officer or other employee.

- Maintain details of ex gratia payments in a register and on the Force website, and report back to the Accountability Board annually.

SECTION E: EXTERNAL ARRANGEMENTS

E1 EXTERNAL FUNDING

External funding can be a very important source of income, but funding conditions need to be carefully considered to ensure they are compatible with the aims and objectives of the PCC and Chief Constable. Funds from external agencies provide additional resources to enable policing objectives to be delivered. However, in some instances, although the scope for external funding has increased, such funding is linked to tight specifications and may not be flexible enough to link to the Police and Crime Plan.

The main sources of such funding tend to be specific Government grants, additional contributions from local authorities and donations from third parties (e.g. towards capital expenditure).

The Policing Protocol Order 2011 Section 16 states the PCC is the recipient of all funding including government grant and precept and other sources of income relating to policing and crime reduction. All funding for the Chief Constable must come via the PCC. How funding is allocated is a matter for the PCC in consultation with the Chief Constable, or in accordance with any grant terms.

Responsibility of the PCC

- Approve an approach towards inward investment.

Responsibilities of Chief Officers

- Pursue actively any opportunities for additional funding where considered to be in the interests of the Force and PCC and in line with the Chief Constables policing priorities and PCCs Police and Crime Plan.

Joint Responsibilities of the Chief Constable and the PCC

- Ensure match-funding requirements and exit strategies are considered prior to entering into agreements and that future medium-term financial forecasts reflect these requirements.

Joint Responsibilities of the PCCCFO and CCCFO

- Ensure all funding notified by external bodies is received and properly accounted for, and that all claims for funds are made by the due date and any audit requirements specified in the funding agreement are met.

Responsibilities of the Chief Constable

- Ensure funds are acquired only to meet policing needs and objectives.
- Ensure key conditions of funding and any statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood.

Responsibilities of the Chief Constable and CCCFO

- All grant funding for the Force must come via the PCC. Grant funding should only be considered when it clearly meets policing objectives and priorities in line with the Police and Crime Plan.
- The CCCFO may accept, or bid for, grant of up to the limits in Section G. Any grant bids or grant acceptance above this level must be referred to the PCC or PCCCFO for approval.

- The CCCFO must ensure any key conditions of funding and statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood. Any conditions placed on the PCC in relation to external funding must be in accordance with approved policies of the PCC. If there is a conflict, this needs to be taken to the PCC for resolution.
- Central register of external funding must be maintained including information on expected outcomes, risks, staffing implications as per the agreed inward investment policy.
- Annual report should be submitted to the PCC on achievements of the external funding, demonstrating the effect on PCC objectives and priorities in line with the Police and Crime Plan.
- The CCCFO must ensure all grant income received by the Force is notified to the PCCFO, all claims for funds are made by the due date and properly authorised and any audit requirements are met.

Responsibilities of the CCCFO

- Ensure all funding notified by external bodies is received and properly accounted for, all claims for funds are made by the due date and properly authorised and any audit requirements specified in the funding agreement are met.

E2 WORKING FOR THIRD PARTIES

The Force provides services to other bodies outside of its normal obligations, for which charges are made, e.g. training, special services. Arrangements should be in place to ensure any risks associated with this work are minimised and that such work is not ultra vires.

Responsibilities of the Chief Constable

- Ensure proposals for assistance are costed, that no contract is subsidised by the Force or OPCC and that, where possible, payment is received in advance of delivery of the service so that the Force and OPCC are not put at risk from any liabilities such as bad debts.
- Ensure appropriate insurance arrangements are in place.
- Ensure all contracts are properly documented.
- Ensure such contracts do not impact adversely on services provided by the PCC.

E3 JOINT WORKING ARRANGEMENTS

Public bodies are increasingly encouraged to provide seamless service delivery through working closely with other public bodies, local authorities, agencies and private providers. Joint working arrangements can take a number of different forms, each with its own Governance arrangements. These can be grouped as follows: Partnerships, Consortia, Regional Working, and Collaboration.

Partners engaged in joint working arrangements have common responsibilities:

- Act in good faith at all times and in the best interests of the partnership's aims and objectives.
- Willing to take on a role in the broader programme, appropriate to the skills/resources of the contributing organisation.
- Open about any conflicts that might arise.
- Encourage joint working and promote the sharing of information, resources and skills.
- Keep secure any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature.
- Promote the project.

In all joint working arrangements, the following key principles must apply:

- Before entering into the agreement, a risk assessment has been prepared.
- Such agreements do not impact adversely upon the services provided by the Force and OPCC.
- Project appraisal is in place to assess the viability of the project in terms of resources, staffing and expertise.

- All arrangements are properly documented.
- Regular communication is held with other partners throughout the project to achieve successful outcomes.
- Audit and control requirements are satisfied.
- Accounting and taxation requirements, particularly VAT, are understood fully and complied with.
- Appropriate exit strategy has been produced.

Force and OPCC element of all joint working arrangements must comply with these Financial Regulations.

Partnerships

The term partnership refers to groups where members work together as equal partners with a shared vision for a geographic or themed policy area and agree a strategy in which each contributes towards its delivery. A useful working definition of such a partnership is where the partners: (i) are otherwise independent bodies, (ii) agree to co-operate to achieve a common goal, and (iii) achieve it to create an organisational structure or process and agreed programme, and share information, risks and rewards. Partnerships are usually statutory based, strategic or ad hoc.

The number of partnerships, both locally and nationally, is expanding in response to Government requirements and local initiatives. This is in recognition that partnership working has the potential to:

- Comply with statutory requirements.
- Deliver strategic objectives in new and better ways.
- Improve service quality and cost effectiveness.
- Ensure best use of scarce resources, and access new resources.
- Deal with issues that cut across agency and geographic boundaries and where mainstream programmes alone cannot address the need.
- Forge new relationships.
- Find new ways to share risk.

Statutory based: Governed by statute, for example, Community Safety Partnerships (CSPs).

Strategic: Set up to deliver core policing objectives. They can either be force-wide or local.

Ad-hoc: Typically locally based informal arrangements agreed by Divisional Commanders.

As set out in section 10 of the Police Reform and Social Responsibility Act 2011, the PCC, in exercising their functions, must have regard to relevant priorities of each responsible authority. Subject to constraints that may be placed on individual funding streams, PCCs are free to pool funding as they and their local partners see fit. PCCs can enter into any local contract for services, individually or collectively with other local partners, including non-police bodies.

When the PCC acts as commissioner of services, they need to agree shared priorities and outcomes expected to be delivered through the contract or grant agreement with each provider. The PCC is able to make crime and disorder grants in support of local priorities. Inclusion of detailed grant conditions directing local authorities how to spend funding need not be the default option. The power to make Crime and Disorder Grants with conditions is contained in section 9 of the Police Reform and Social Responsibility Act 2011. The power to contract for services is set out in paragraph 14 of Schedule 1 and paragraph 7 of Schedule 3 to the Police Reform and Social Responsibility Act 2011.

Responsibilities of the PCC

- Have regard to relevant priorities of local partners when considering and setting the five-year Police and Crime Plan and Annual Delivery Plan.
- Make appropriate arrangements to commission services from either the Force or external providers.
- Make Crime and Disorder Grants.

Responsibilities of Chief Officers

- Follow Financial Instructions for local partnerships, as published on the Force intranet.

- Consult, as early as possible, the CCCFO and PCCCFO to ensure the correct treatment of taxation and other accounting arrangements.
- Produce a Memorandum of Understanding (MOU) or collaboration agreement setting out appropriate Governance arrangements for the project. This document should be signed by the OPCC Chief Executive.

Regional Working and Collaboration

Humberside Police’s contribution towards working with other Forces in the Yorkshire and Humber and with other forces in the North East Region is contained in the annual budget and medium-term financial strategies. The Regional Programme Director will be required to provide regular financial and performance monitoring information for Regional Working. Humberside Police will have the right to audit all expenditure in relation to all regional projects.

Joint Responsibilities of the PCC and the Chief Constable

- Approve Force participation in Regional Working.

Joint Responsibilities of the PCCCFO and the CCCFO

- Monitor financial contributions to/from regional partners to ensure they are in accordance with agreed procedures.

Collaboration and National Working

Under sections 22A to 22C of the Police Act 1996 as inserted by section 89 of the Police Reform and Social Responsibility Act 2011, Chief Constables and PCCs have the legal power and duty to enter into collaboration agreements to improve the efficiency or effectiveness of one or more police force or PCCs. Any collaboration which relates to the functions of a police force must first be agreed with the Chief Constable of the force concerned.

The PCCs shall jointly hold their Chief Constables to account for any collaboration in which their force is involved and must consider doing so in cooperation with the other PCCs concerned. Any such proposal must be discussed with the PCCCFO and CCCFO in the first instance.

SECTION H: GUIDANCE NOTES ON BREACH OF STANDING ORDERS OR FINANCIAL REGULATIONS

1. These guidance notes are supplemental to the PCC and Chief Constable's Anti-Fraud and Corruption Strategy and Fraud Response Plan and should be read in conjunction with those documents (see Section I below).
2. PCCCFO and the CCCFO both have responsibilities under section 114 of the Local Government Finance Act 1998 to make a report if it appears to either of them that any person holding any office or employee or member of any collaborative body on which the PCC or the Force is represented:
 - (a) Has made or is about to make a decision which involved or would involve the PCC or the Chief Constable incurring expenditure which is unlawful.
 - (b) Has taken or is about to take a course of action which, if pursued to its conclusion, would be unlawful and likely to cause a loss or deficiency on the part of the PCC or the Chief Constable.
 - (c) Is about to enter an item on account, the entry of which is unlawful.

3. It is also the duty of the Chief Executive and Monitoring Officer to prepare a report for the PCC with respect to any proposal, decision or mission by any person holding any office or employment which may contravene any enactment, rule of law or code of practice or any maladministration or injustice as defined. In doing so it is the Monitoring Officer's duty so far as is practicable to consult with the PCCCFO and the CCCFO.
4. A copy of such a report shall be sent to the external auditor.
5. Provide for effective action to deal with any fraud and corruption and to assist the PCCCFO and the CCCFO in the performance of their duties to ensure the financial affairs of the Force and the OPCC are properly conducted, the following procedures will be adhered to in the circumstances of any suspected or actual breach of financial regulations or standing orders.

SECTION I: ANTI FRAUD AND CORRUPTION STRATEGY

The PCC and the Chief Constable have in place clear networks of systems and procedures to assist it in the fight against fraud and corruption. It is determined that these arrangements will keep pace with any future developments in both preventative and detection techniques regarding fraudulent or corrupt activity that may affect its operation. To this end, a continuous overview of such arrangements, in particular, by the PCCCFO and CCCFO, through the Head of Audit and External Auditor and in Force via the Finance Unit and Professional Standards.

The CIPFA Code of Practice on Managing the Risk of Fraud and Corruption sets out the principles that define the governance and operational arrangements necessary for an effective counter fraud response. In administering its responsibilities in relation to fraud and corruption, whether it is attempted on the OPCC and/or the Force or from within, the PCC and Chief Constable are committed to an effective Anti-Fraud and Corruption Strategy designed to encourage prevention, promote detection and identify a clear pathway for investigation.

The expectations regarding propriety and accountability are that the PCC, the Chief Constable and staff at all levels will lead by example in ensuring adherence to rules, and that all procedures and practices are above reproach. The PCC and the Chief Constable also demand that individuals and organisations that they come into contact with will act towards them with integrity and without thought or actions involving fraud or corruption.

This strategy is based on a series of comprehensive and inter-related procedures designed to frustrate any attempted fraudulent or corrupt act. These cover: (i) culture, (ii) prevention, (iii) detection and investigation, and (iv) training.

The PCC and Chief Constable are also aware of the high degree of external scrutiny by a variety of bodies including:

- Her Majesty's Inspector of Constabulary and Fire and Rescue Services (HMICFRS).
- Internal and External Audit.
- HM Revenue and Customs.
- General Public.
- National Audit Office.

CULTURE

The PCC and Chief Constable are determined that the culture and tone of these organisations are ones of honesty and opposition to fraud and corruption. There is an expectation and requirement that all individuals and organisations associated in whatever way with the Force and the OPCC will act with integrity, and that the PCC, Chief Constable and staff at all levels will lead by example in these matters.

The PCC, Chief Constable and their staff are important in the stance on fraud and corruption, and they are positively encouraged to raise any concerns that they may have on these issues where they are associated with the activities of the Force and the OPCC. Concerns may be about something that: (i) is unlawful, (ii) is against the PCC's Standing Orders, Financial Regulations or policies, (iii) falls below established standards or practices, (iv) results in waste or loss to the PCC, or (iv) amounts to improper conduct.

Staff can do this in the knowledge that concerns will be treated in confidence, properly investigated and without fear of reprisal and victimisation. If necessary, a route other than their normal line manager may be used to raise such issues. Examples of such routes are:

- Chief Constable's Direct Line (01482 578204).
- CCCFO (Head of Finance and Business Services) (07557 255078).
- PCCCFO (07894 511154).
- Head of Audit (01924 294066).
- Bad Apple Messenger on the Force Intranet.
- PCC (01482 220787) or pcc@humberside.pnn.police.uk
- Head of Professional Standards (01482 578345).
- Public Concern at Work – Independent charity offering free advice on fraud/malpractice (020 7404 6609).

The Public Interest Disclosure Act 1988 protects employees, who report suspected fraud or corruption activities, from any reprisals as long as they meet the rules set out in the Act. In simple terms the rules for making a protected disclosure are:

- Information disclosed is made in good faith.
- Person making the disclosure must believe it to be substantially true.
- Person making the disclosure must not act maliciously or make false allegations.
- Person making the allegation must not be seeking any personal gain.

(The designated officer required under the Act to receive disclosures is the PCCCFO).

Members of the public are also encouraged to report concerns through any of the above avenues. Allegations/concerns can be made anonymously. However, it should be noted that such cases can be more difficult to investigate. The likelihood of action will depend on: (i) seriousness of issues raised, (ii) credibility of the concern, or (iii) likelihood of confirming the allegation from attributable sources.

Senior management are responsible for following up allegations of fraud and corruption received by:

- Dealing promptly with the matter.
- Recording all evidence received.
- Ensuring that evidence is sound and adequately supported.
- Ensuring security of all evidence collected.
- Notifying the PCCCFO, and for CCCFO and implementing disciplinary procedures where appropriate.

The PCC and Chief Constable can be expected to deal swiftly and thoroughly with any member of staff who attempts to defraud the Force or the OPCC or who are corrupt. The PCC and the Chief Constable should be considered as robust in dealing with financial malpractice.

PREVENTION

The PCC and Chief Constable recognise that a key preventative measure in the fight against fraud and corruption is to take effective steps at the recruitment stage to establish, as far as possible, the previous record of potential staff in terms of their propriety and integrity. Staff recruitment is therefore required to be in accordance with procedures laid down by the Chief Executive and Chief Constable and in particular to obtain written references regarding known honesty and integrity of potential staff before employment offers are made.

All employees are expected to follow any Code of Conduct related to their personal professional qualifications and also to abide by the published Rules of Conduct. This code and the role that appropriate staff are expected to play in the Corporate Governance Framework and systems of internal control will be featured in staff induction procedures.

The PCC (and DPCC where in place) are required to adhere to the Code of Conduct relating to the declarations of interests. Staff are also required to declare pecuniary interests.

PCC, Chief Constable and all staff are required to declare in a public register any offers of gifts or hospitality which are in any way related to the performance of their duties.

Significant emphasis has been placed on the thorough documentation of financial systems, and every effort is made to continually review and develop these systems in line with best practice to ensure efficient and effective internal controls. The adequacy and appropriateness of the Force and OPCC's financial systems is independently monitored by both Internal Audit and External Audit. Senior management place great weight on being responsive to audit recommendations.

The Joint Independent Audit Committee (JIAC) provides an independent and objective view of internal control by receiving and considering audit plans, reports and management letters and reports as appropriate to the PCC.

As part of the prevention approach, the PCC and Chief Constable will participate in National Fraud Initiative. The National Audit Office and External Audit will also assist in prevention with the issue of warning bulletins and outcomes from surveys on fraud and corruption.

DETECTION AND INVESTIGATION

The array of preventative systems, particularly internal control systems in the Force/OPCC, are designed to provide indicators of any fraudulent activity, although generally they should be sufficient in themselves to deter fraud. It is often the alertness of staff and public to such indicators that enables detection to occur and appropriate action to take place when there is evidence that fraud or corruption may be in progress.

Despite the best efforts of financial managers and auditors, many frauds are discovered by chance or 'tip off', and arrangements are in place to enable such information to be properly dealt with. Depending on the nature and anticipated extent of allegations, the Internal Audit will normally work closely with management and other agencies such as the police to ensure that all allegations and evidence is properly investigated and reported upon.

Disciplinary Procedures will be used where the outcome of the Audit Investigation indicates improper behaviours.

The PCC and Chief Constable will normally ask the police to prepare a case for CPS regarding the prosecution of offenders where financial impropriety is discovered.

TRAINING

The PCC and Chief Constable recognise the continuing success of its Anti-Fraud and Corruption Strategy and its general credibility will depend largely on the effectiveness of programmed training and responsiveness of staff throughout the organisation. To facilitate this, the PCC and Chief Constable support the concept of induction and training particularly for staff involved in internal control systems to ensure that their responsibilities and duties in this respect are regularly highlighted and reinforced.

The possibility of disciplinary action against staff who ignore such training and guidance is clear.

FRAUD RESPONSE PLAN

All instances of fraud and corruption will be investigated in accordance with this plan. Fraud and corruption may be reported through a range of channels including direct to a line manager, by another manager, through the Chief Constable's Direct Line, with "Bad Apple" or by means of external reports. The means of reporting fraud will be publicised within the Force and OPCC, and made known to partners and those individuals and organisations that we come into contact with.

Arrangements for detection and investigation are set out in the Anti-Fraud and Corruption Strategy (above). A protocol between the PCCCFO, CCCFO, Head of Audit and Head of Professional Standards has been agreed to ensure that loss and potential fraud is fully investigated and dealt with correctly.

The protocol requires Professional Standards Branch to liaise with the Head of Audit, after the matter has been investigated. This will enable the Head of Audit to identify any weaknesses in internal control that allowed the irregularity to occur and to ensure that corrective action is taken in order to minimise the risk of any reoccurrence within the Force or the OPCC. Issues considered will be reported to the Professional Standards Board.

Disciplinary procedures are likely to be invoked where the outcome of any investigation indicates misconduct. Proven cases of gross misconduct may result in dismissal of the employee. Misconduct includes fraud committed by a member of staff against the organisation.

Where financial impropriety is discovered the presumption of the PCC and Chief Constable is that these arrangements will be made where appropriate for the prosecution of offenders by the CPS.

In instances where the misconduct takes another form such as misuse of systems and equipment that does not result in financial loss, the outcomes will be monitored by the PCC and Chief Constable through the processes in place to oversee Human Resources issues.

The PCC and Chief Constable will seek to ensure they learn lessons from any mistakes made that allowed any instances of fraud or corruptions to be perpetrated or to have gone unnoticed. This will be achieved by ensuring system weaknesses or other contributory factors are identified and addressed, normally achieved through an Internal Audit investigation, report and action plan to ensure audit recommendations are implemented.

The National Audit Office and the External Auditor also have powers to investigate fraud and corruption independently and the PCC and Chief Constable will make use of these services in appropriate cases.

The PCCCFO and CCCFO will determine if a matter needs to be brought to the attention of the Chief Executive, PCC and Chief Constable.

In the event that the PCC or Chief Constable is involved, the matter will be brought to the attention of the Monitoring Officer.

The PCCCFO, CCCFO and Head of Audit will maintain a link with the National Audit Office, CIPFA and other agencies in order to keep them apprised of developments in serious cases.

F1 YORKSHIRE AND THE HUMBER REGIONAL CONTRACT STANDING ORDERS

In YatH, a Regional Procurement Team has been created to support police procurement activity. Contract Standing Orders are harmonised across the forces and OPCCs, supplemented by detailed guidance on policies and procedures.

COMPLIANCE

- All orders and contracts for works, goods or services made by or on behalf of the Yorkshire and the Humber Regional Police Forces and Offices of the Police and Crime Commissioners (OPCCs) shall be made in accordance with these Contract Standing Orders (Standing Orders).
- All contracts shall comply with statutory requirements including, but not limited to, UK legislation, Directives of the European Community, and relevant Government Guidance.
- Forces and OPCCs require all procurement activity to be undertaken in a transparent, fair and consistent manner, ensuring the highest standards of probity and accountability. All procurement undertaken on behalf of the forces and OPCCs will operate under robust principles and procedures to ensure best value. Detailed procedures will be published in Procurement Policy and Procedures.
- No exceptions shall be made to these Standing Orders otherwise than reasons stated in Section 5.
- Every Officer in any of the YatH Regional Police forces and every PCC or employee of the OPCCs shall comply with these Standing Orders. Any failure to do so may result in disciplinary action.

- Any dispute regarding the interpretation of these Contract Standing Orders will be referred to the Regional Collaboration Board (RCB) and its decision will be final.

COMPETITIVE PROCUREMENT

- Use of central contracts set up by the YatH Regional Procurement team or individual YatH Forces and OPCCs for certain works, goods and services is mandatory.
- For works, goods or services not available from an existing contract, acceptance of quotations and bids will be based on the principle of best overall value for money, i.e. the most economically advantageous offer. Criteria for the award of contracts shall be recorded in advance of the invitation and strictly observed by officer's evaluating the bids. Criteria may include cost and qualitative elements and shall take into account whole life costs. The evaluation process must be objective, systematic, thorough and fair.
- Evaluation models shall generally be weighted such that the overall percentage score allocated to cost is not less than 50%. In exceptional circumstances the Regional Procurement Director or their deputy may agree a different cost/quality ratio.
- Estimated value is deemed to be the aggregate cost, in any force and any OPCC or the Region that is reasonably anticipated over the lifetime of the provision. If the lifetime is unknown, then the aggregate cost should be based on 48 months.
- Requirements must not be disaggregated in force and OPCC or in the region in order to avoid competitive procurement under any circumstances.
- Authority levels shall apply to variations to contract, i.e. any additional costs resulting from the variation must be aggregated with the original contract value for the purposes of authorisation.
- Where a procurement is deemed novel, contentious or repercussive it should be notified to the PCC by the budget holder to ensure authority to proceed to full procurement.
- Divisional/Departmental Head has delegated Authority, subject to the above, to authorise Authority to proceed at stage one of the procurement process. This does not affect the authority levels detailed at Appendix 4.

FINANCIAL AND CONTRACTUAL DELEGATION

Chief Officer responsible for Finance in each force or Chief Executive will be responsible for determining authorised signatories in each OPCC/force. Those authorised signatories and sub-delegation rules will be described and documented in each force/OPCCs Financial Instructions. Authorised signatories will ensure the purchase is compliant with all financial instructions and sufficient resources are available within the revenue budget or capital programme.

EXCEPTIONS TO NORMAL PROCEDURES/SINGLE TENDER ACTION

Exceptions

All exceptions to normal procedures must be approved in accordance with the arrangements set out in the Regional Procurement Policy and Procedures for local and collaborative contracts.

Single Tender Action (STA)

STA should only be used in very exceptional circumstances. The Chief Constables and Chief Executives or their delegated authorities will consider requests for exceptions to normal procedures under the following circumstances:

- Where it can be evidenced that only one supplier is able to carry out the work or service or to supply goods for technical reasons or because of exclusive rights.
- Extensions to existing contracts where there is a genuinely justifiable case to use an existing contractor/supplier to maintain continuity of supply or site experience.
- Contract classified as secret by a Chief Officer making use of a particular contractor essential or a limited competition to a select list of contractors and avoidance of advertising requirements in the public domain.
- Contract is required so urgently that competition is impracticable. For example, a genuine unforeseeable operational need arises. However, failure to take action within appropriate timescales does not constitute grounds for an urgency exception.

- Any STA up to £50,000 shall be authorised by the Divisional/Departmental Head/Chief Executive. It is the responsibility of the Divisional/ Departmental Head/Chief Executive to satisfy themselves that the grounds in which the exception has been sought is justified and that all associated spend must be aggregated with the original contract value or future contract value for the purposes of authorisation. It should be noted that where grounds of urgency have been selected submissions will be subjected to further scrutiny to ensure compliance.
- Any STA over £50,000 shall be requested via the Regional Procurement Director and the appropriate Chief Officer/s or Chief Executive. All associated spend must be aggregated with the original contract value or future contract value for the purposes of authorisation. The formal procedure shall be described in the Regional Procurement Policy and Procedures.
- Where it becomes apparent before an order is placed and accepted by the supplier that the figures quoted and appropriately approved in an STA are understated by an amount that is more than 10% of the original STA value, then the STA will need to be returned (with an explanation for the increase) through the appropriate channels for consideration of further approval, based on the revised value of the STA.

COMPETITIVE PROCUREMENT USING TENDERS

Regional Procurement Director will have responsibility to ensure appropriate Procurement Policy and Procedures are in place covering matters such as:

- Procedures to be applied in respect of the whole tendering process i.e. initial tender, specifications and standards, and evaluation and appointment of contractors and consultants.
- Processes regarding the use of sub-contractors.
- Processes regarding variations to contract.
- Process to be undertaken in relation to declarations of interest in a contract.
- Procedures to be followed in relation to Collaborative Contracts.
- Adoption of Framework Agreements.

Procedures to be followed in applying for an exception to Standing Orders, including:

- Formal procedure to be adopted to evidence alternative provision is not available.
- Formal justification of emergency provision.
- Achievement of Value for Money, and the minimisation of risks to Forces and OPCCs.
- Procurement Policy and Procedures will set out arrangements for the recording and retention of information in relation to procurement activity.
- Procurement Policy and Procedures will also detail the arrangements for reporting procurement activity to meet the requirements of the RCB and of individual Forces and OPCCs together with addressing the need to publish information in accordance with Government requirements.
- Force and OPCC Chief Officers responsible for Finance will ensure appropriate Financial Instructions are provided for use by staff within their respective forces.

TENDER CUSTODY AND OPENING

Electronic Tendering

- RCB, Forces and OPCCs support the use of electronic means for the invitation and receipt of tenders through the selected e-tendering system in line with the system requirements.

Tender custody and opening if non-electronic means are utilised

- In the event of operating non-electronic procedure, tenders shall be stored in a secure and confidential manner as required by sealed bid procedure.

The opening of these tenders and recording of details shall be subject to the following regulations:

- They shall not be opened before the appointed time.

- They shall be opened at one time by not less than two persons approved by the Regional Procurement Director for the purpose.
- The appropriate tender details shall be recorded on the Tender Opening Certificate which shall be ruled off (to prevent the addition of further entries) and then signed by each member of the tender opening panel.

Once the tenders have been opened they must be circulated only to those directly involved in tender evaluation and contract letting activities prior to awarding the contract.

FORM OF CONTRACT

All contracts shall be in writing. If appropriate, legal advice should be sought in relation to contracts through the Regional Procurement team. The form of contract shall be in line with the ACPO Procurement Portfolio guidance and other best practice.

Regional Procurement team will advise on the appropriate use of Performance Guarantee Bonds or the provision of liquidated damages where necessary.

COLLABORATIVE CONTRACTS AND FRAMEWORK AGREEMENTS

- Where tenders are invited on behalf of the region or include other police forces or public-sector organisations, they will be invited on a Force/OPCC basis and comply with these Contract Standing Orders.

REVIEW

- These Contract Standing Orders will be reviewed on an annual basis by the Chief Executives.
