

Dear , thank you for request for information, please find our response below.

Q1. What work is the Office for the PCC undertaking to monitor the implementation and uptake of the Community Remedy?

The OPCC monitors a range of activity relating to Out of Court Disposals and community resolution, restorative practices, etc, through data presented at force scrutiny groups such as Life of a Crime and monthly performance meetings. We do not specifically monitor the full range of activity included on the community remedy menu or how it is locally implemented, we did work very closely with Humberside Police and the local authorities to implement the Community Remedy and publicise as per our statutory obligations, but we do not routinely monitor any local uptake or implementation.

Q2. Are there currently any plans to revise your Community Remedy document?

No. We were very thorough when producing the original document and menu of remedy options in 2014. We held comprehensive public engagement and surveyed on the suggested menu presented to us by the Home Office at the time, the final Remedy menu options were agreed by Humberside Police and the local authorities and handed over to them for implementation.

Q3. How have you publicised the Community Remedy to the general public?

We publicised the results of the Community Remedy consultation to the public in 2014 on our website, to allow them to see the full list of options available to them.
