"This is a unique package of support fully funded by my office and available for all schools and youth engagement settings across the Humberside Police Force area.

This is a building agenda and works to an objective within my Police and Crime Plan (available at www.humberside-pcc.gov.uk) to ensure every young person benefits from access to resources that reduce their risk of being impacted by crime.

Early intervention is key: stopping problems from escalating, educating and supporting children and young people to prevent them from being drawn into criminal activity."

Jonathan Evison,
Police and Crime Commissioner for Humberside
